Now enjoy an added layer of safety when shopping online with Verify by Visa. Verify by Visa protects Visa debit and credit cardholders against unauthorized use on the Internet with participating merchants. To use, cardholders enter their password - confirming their identity - before their online purchase can be completed. Visit www.visa.com/verified to learn more and register your card.

A WORLD OF CONVENIENCE

Our Quik Check Card is our debit card with ATM access. It works like a check and an automatic teller machine card. It's an easy way to pay from your checking account without the hassle of writing a check. You can present the Quik Check Card instead of a check wherever VISA is accepted for payment and use it at thousands of ATM's nationwide where the VISA, PLUS or CU24 logo is displayed to withdraw funds from your share draft/checking account.

There is a limit of \$300 per business day when withdrawing funds from an ATM and a limit of \$2000 per business day for POS (using your card as a credit) transactions.

You may use any ATM that displays the CU24 logo free of charge; any other ATM machines may assess a surcharge. The following is a list of some CU24 no surcharge terminals in Pensacola:

You may visit www.CU24.com for a complete list of CU24 ATM locations or call 1-888-495-CU24 for information on the CU24 machine nearest you. Most CU24 machines have the ability to accept deposits to your account.

Another way to avoid ATM surcharges is by asking for "cash back" when using your Quik Check Card at stores such as Winn Dixie, WalMart, Sam's, Home Depot, and Eckerd to name a few. Members are able to pay for purchases and receive cash-back with no surcharge with just a single swipe of their ATM card.
